

Little

# MOVERS AND SHAKERS

*Musical fun for little ones (and big ones too!)*

## REGISTRATION:

- **Create an account** (if haven't already done so). Creating an account allows you to manage your enrollments, class attendance and schedule make-ups easily. (It also makes registration for another session very simple).

### Tips to follow when you create your account:

- Enter your e-mail address carefully and double-check that it is correct as all confirmation emails, receipts and correspondence will be sent to this address
- Please include your cell phone number (we don't need all of your numbers)
- Include "student information" for **each child** that will be attending the class
- The default for "communication preference" is "e-mail", and can be left as is.
- If another caretaker is often bringing your child, please include their contact info as well.
- There is a field in the student section for any information about the health, development or behavior of your child that you would like us to be aware of. This is not in any way mandatory and will be kept private.
- Any other information that you would like to share can be added in the "Family Notes" field.

*Everything in your account can be edited if you need to update anything along the way.*

- After creating an account, you will be taken to the **Register Page**
- **Choose your registrant/s**
- **Make your class selection** (plus choose a second option) and click the "continue with registration" button on the bottom LEFT.
- **Click the "continue with checkout" button** on the bottom LEFT, follow the prompts through, complete payment and you are all set!!
- You should **receive a confirmation email**

**Siblings:** If registering siblings in the same class, you will receive a discount on the second child. (40% off!). Siblings under 9 months at the start of the session are free, but please include them in your registration so we know that they are coming! **During the checkout process:**

- **Over 9 months:** Choose: "Sibling (over 9 months)" from the drop down menu next to 2nd child, and the price will automatically reflect the discount
- **Under 9 months:** Choose "Sibling (under 9 months)" from the drop down menu and you will not be charged for them.

**Waitlist:** If a class has reached capacity, it will be listed as “waitlist” on the registration form. Choose it, as if registering for this class. A tuition price will show, but you will be given the option to “Pay later”.

\*Please note that if your first class choice is at capacity, you can still enroll in, and pay for a second class choice. We will contact you if a space becomes available in your first choice.
